TRAILED/TRACTOR-MOUNTED MECHANICAL WEEDERS

Functions of the StabNet 100L trailed/tractor-mounted mechanical weeders

The StabNet 100L is a simple, economical trailed/tractor mounted mechanical weeder for lawn tractors, quad bikes, micro tractors, etc. The machine can be used for effective curative or maintenance weeding. It can also be used for levelling, decompacting and reprofiling driveways. Its optional skip can be used to transport materials.

Quality of service

A large stock of spare parts is permanently maintained at our factory. Our partners have online tools and quick access to manufacturer information. Maintain the quality and performance of your Rotadairon® by using only original parts.

- 1 Weed control: cutting deck (Patent)
