Functions of the stone burier RV 50

This soil preparer interface on multi-tool carriers. It allows maintenance of inter-row vines.

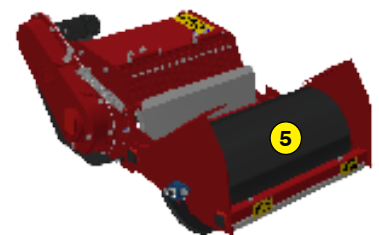

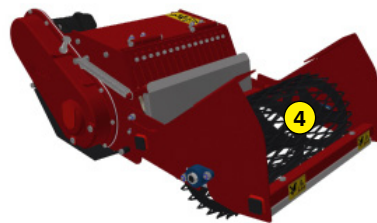

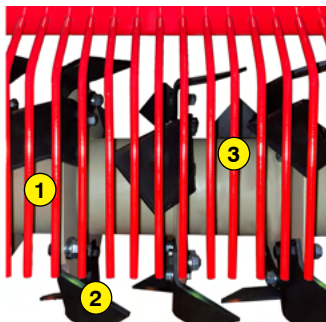

The machine is multi-propose, it allows tilling, burying (stones, rubbish, herbs, etc...), levelling, mixing and rolling the surface. It can be used directly or on a ground previously decompacted.

Quality of service

A large stock of spare parts is permanently maintained at our factory. Our partners have online tools and quick access to manufacturer information. Maintain the quality and performance of your Rotadairon® by using only original parts.
